It is recommended that students start Appalachian coursework in the summer. Students should apply for the summer I term.

HOW-TO Use the Transfer Guide/BDP

The Transfer Guides/BDPs have three sections:

- 1. The NC Community College courses are listed in the top yellow section. Recommended and/or preferred courses are provided, with the equivalent Appalachian courses listed. If a specific course is not listed, students should use the blue hyperlink to access the <u>Comprehensive Articulation Agreement (CAA) transfer course list</u>. Students are welcome to choose any CAA course; however, students should choose courses that are available at their institution and satisfy their transfer degree requirements.
- 2. Appalachian courses are listed in the middle gray section. Students will work with an Appalachian advisor to develop an individual graduation plan.
- 3. Important transfer and major information is listed in the bottom white sections. Students should refer to these sections for information regarding program requirements and other important information the department would like students to be aware of.

Please note - Transfer Guides/BDPs are developed based on the approved curriculum for that catalog year. Depending on term of entry and the curriculum posted for that catalog year, programs of study may have changed.

Applying to Appalachian:

• A minimum cumulative GPA of 2.25, from all post-secondary coursework, is required for admission to Appalachian.

• Students interested in applying to Appalachian should submit an on-line application and official college transcripts to be considered for admission.

• Students hoping to attend a summer or fall term are encouraged to apply by February 15th and those hoping to attend in the spring are encouraged to apply by October 15th.

Degree Information:

- Science Requirement: The Computer Science major requires a minimum of 8-10 hours. Students should choose two courses in sequence from this list: AST 151/152; BIO 111/112, CHE 151/152, GLY 111/113, PHY 151/152, PHY 251/252
- Students should work to complete the Calculus requirement before transferring to stay on track with transfer guide/BDP.
- A minor is optional for this degree.
- Students will work with an Appalachian advisor, after transferring, to develop and individual graduation plan.
