

TRANSFER GUIDE/BDP

BS, Sustainable Technology, 571A
Appalachian State University
2023-2024

[Department of Sustainable Technology & the Built Environment](#)
[College of Fine & Applied Arts](#)
[Program of Study](#)

STUDENTS SHOULD PLAN TO BEGIN APPALACHIAN COURSEWORK DURING THE SUMMER TERM. (SEE BELOW)

HOW-TO Use the Transfer Guide/BDP

The Transfer Guides/BDPs have three sections:

1. The NC Community College courses are listed in the yellow section. Recommended and/or preferred courses are provided, with the equivalent Appalachian courses listed. If a specific course is not listed, students should use the blue hyperlink to access the [Comprehensive Articulation Agreement \(CAA\) transfer course list](#). Students are welcome to choose any CAA course; however, students should choose courses that are available at their institution and satisfy their transfer degree requirements.
2. Appalachian courses are listed in the gray section. Some majors recommend a summer start term, which is listed in red at the top of the transfer guide/BDP and again in the grey section. Students should use this information to apply to Appalachian based on the recommended start term.
3. Important transfer and major information is listed in the white sections. Students should refer to these sections for information regarding program requirements and other important information the department would like students to be aware of.
