

## Writing Across the Curriculum – Faculty Development for Community Colleges

Since May 2014, the Appalachian Writing Across the Curriculum (WAC) Program has been providing faculty development for community colleges in the NC system who are converting their English 112 courses into WAC courses. In two summer institutes attended by representatives from 39 NC community colleges and individual workshops at Forsyth Tech, Coastal CC, and Craven CC, WAC has provided assignments, syllabi, and specific WAC strategies. These materials can be accessed through the link on WAC's home page at [wac.appstate.edu](http://wac.appstate.edu) or by visiting <http://wac.appstate.edu/node/236>. For information about a workshop at your campus or information about our annual conference for community college faculty, Writing Across Institutions (WAI), now in its 7th year, visit our website ([wac.appstate.edu](http://wac.appstate.edu)) or contact Georgia Rhoades ([rhoadesgd@appstate.edu](mailto:rhoadesgd@appstate.edu)).
